

# LINXS

PURE ELECTRIC MINI CAR

Smart. Spacious. Safe.

*Your City Companion*

# Designed for Urban Life

---

## Compact & Agile

Small body with a tight turning radius.  
Effortlessly navigates narrow streets and old town areas, making parking a breeze.

## Everyday Storage Solutions

17 thoughtfully designed storage compartments throughout the cabin plus practical rear hooks. A place for your phone, drinks, and everyday items.

## Magic Expandable Trunk

Trunk space flexibly expands from 106L to 882L. Easily fits a stroller, a week's worth of groceries, or luggage for a short trip.

# Spacious & Family-Ready

---

## Easy Access for All

Unique pass-through central aisle between front seats. Allows the driver to easily attend to children or pets in the back, showcasing human-centric design.

## Comfort for Everyone

Spacious rear legroom with breathable seat fabric. Front seats recline to a large angle for taking a break.

---

## Charge Fast, Go Far

220km combined range covers a week of city commutes. Fast charge from 30% to 80% in just 30 minutes—perfect for a coffee break.

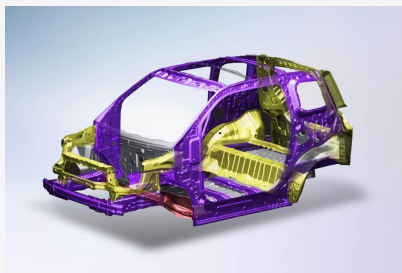

# Safe & Smart

---

## Built Strong, Built Safe

Cage-style body structure with 63% high-strength steel. Standard dual front airbags and ISOFIX child seat anchors.

---

## See More, Drive Safer

High-end version features front and rear dual cameras to minimize blind spots.

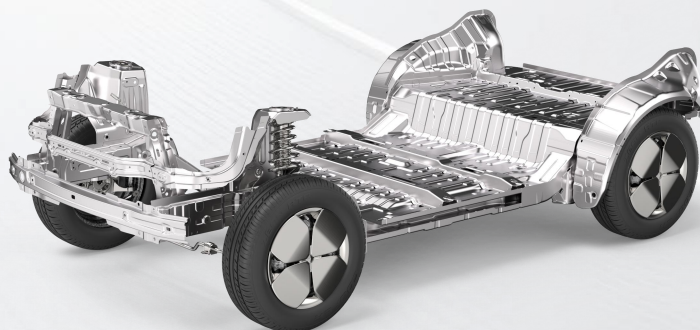

ABS, EBD, EBA, and ASR active safety systems come standard across all trims.

---

## Award-Winning Stability

Equipped with an award-winning chassis system, delivering superior driving stability and handling confidence beyond its class for various road conditions.
